

Georgia Pathways to Coverage™ (Pathways) Influencer Toolkit

Community Groups

What is Pathways?

Pathways is a **Medicaid program** for **Georgia residents** ages **19-64** who have a **household income of up to 100% of the Federal Poverty Level (FPL)**, are not otherwise eligible for traditional Medicaid, and are engaged in **80 hours of qualifying activities per month** such as full-time employment, enrollment in higher education programs, vocational educational training and/or community service, among other activities.

For example, in 2025, 100% of the FPL equals:

- \$15,650 per year or \$1,304 on average per month for one person.
- \$26,650 per year or \$2,220 on average per month for a family of three.

Pathways is designed to increase access to affordable, quality health care for Georgians who are uninsured or are losing traditional Medicaid coverage soon. **It introduces a new Medicaid eligibility category in Georgia and helps low-income residents who would not otherwise qualify for traditional Medicaid** get affordable healthcare coverage.

Whether an individual is losing traditional Medicaid coverage or is currently uninsured, Pathways can help him or her get the health care he or she needs to build a bright future.

Please visit the Pathways website at pathways.georgia.gov for a full list of Pathways eligibility criteria.

How Can Your Organization Participate?

As a trusted voice and supporter for local communities in Georgia, **your organization is uniquely positioned to connect low-income Georgians to Pathways.**

Pathways is a category of Medicaid coverage for many of the individuals you already support or with whom you work. Helping uninsured Georgians apply for and get enrolled in Pathways could deepen the impact you have on your local community and increase the long-term success and well-being of its individuals.

We encourage you to spread awareness about Pathways by sharing informational resources and conducting proactive outreach to uninsured Georgians in your community who may be eligible.

We hope that by supporting this program and enrolling more Georgians in healthcare coverage, together we can increase access to affordable healthcare for the families, volunteers, and community partners you work with in Georgia communities.
