- Family planning services
- Mental health services

- Chronic disease management services

Pathways does not cover non-emergency medical transportation except for members ages 19-20 as required by Medicaid for children under 21. This means you will need to cover the costs of transportation for your medical visits. Pathways is available to cover ambulance transportation for medical emergencies.

16. What if I have a disability? If you have a disability, you could still be eligible for Pathways. If you need help doing 80 hours of qualifying activities per month, you can ask for a Reasonable Modification when you apply such as a referral to GVRA or the option for extra time to do your 80 hours.

17. What if I cannot do all my qualifying activities when I am applying? To receive coverage, you must complete 80 hours of qualifying activities each month. A decision that impacts your continued coverage, such as termination, can be appealed as well. Your decision letter will have information on how to appeal a decision and who to contact if you have questions about appealing a decision.

19. If I enroll, could it affect my citizenship? Medicaid or Pathways enrollment may or may not cause you to be considered a public charge which could impact your citizenship status. If you believe that participation in Pathways might impact your citizenship status, contact the United States Citizenship and Immigration Services (USCIS) before applying. It is important to understand how this might affect you. For more information on what it means to be a public charge, visit USCIS's website at www.uscis.gov or call at 1-800-375-5283.

20. If I enroll, will I be covered through a Care Management Organization or fee-for-service?
